

Hotspot Presentation Rubric

	Slide Topic	Slide Title	At Least 3 Main Points	Graphic(s) Included	Total Points
1	Summary of plate tectonics				
2	Summary of plate tectonics				
3	Darwin's observations of islands and coral reefs				
4	Summary of hotspot and plume theory				
5	Summary of hotspot and plume theory				
6	How a hotspot creates an island chain				
7	Where your island chain is located in the world				
8	What tectonic plate(s) your island chain is on and how fast it moves				
9	Names of islands in the chain				
10	Ages of islands in the chain				
11	Does island chain have a linear age progression?				
12	History of the island chain				
13	Culture of people on the islands				
14	Interesting information about your island chain				
15	Interesting information about your island
